Dear Pearre:

I want to send you my most sincere congratulations on your recent promotion. And in doing this I am sure you know I speak for all of the Air Intelligence personnel here in PACAF. We were all very gratified to see your distinguished service to the country so well and appropriately recognized.

I would like to take advantage of this letter to send you one of our recent Intelligence Reports which I believe will be of interest to some of your people. Not long ago, Colonel James Mahon, Deputy Chief of Staff, Intelligence, at the Thirteenth Air Force, went to Djakarta. He has written up what we feel is a very interesting report. General Kuter read it with great interest and suggested that we forward it on to you. Enclosed are two copies. I am, of course, sending copies to General Walsh.

All the best to all the Cabells.

Sincerely,
